MOHAMMAD NAEEM ULLAH

FULL STACK WEB DEVELOPER

PROFILE

Motivated and detail-oriented Full Stack Web Developer with hands-on academic and project-based experience in front-end and back-end web development. Currently pursuing an Advanced Diploma in Software Engineering (ADSE) from APTECH Computer Education (International). Skilled in developing responsive websites, CRUD-based web applications, and database-driven systems using modern tools and frameworks. Preparing to apply for a Provisional Scholarship in 2026 to pursue a Bachelor's degree in Computer Science. Passionate about continuous learning, problem-solving, and building real-world web solutions.

Career Objective

- To secure an internship or entry-level opportunity in web development where I can apply my technical skills, gain industry exposure, and grow as a professional developer while preparing for higher education in Computer Science.

PROJECTS & TECHNICAL EXPERIENCE

1. **Historical Monuments Website – APTECH (Semester 1 E-Project)**
- Designed and developed a responsive informational website using HTML, CSS, Bootstrap, and JavaScript, focusing on clean UI and mobile responsiveness.
2. **Vaccination Management System – APTECH (Semester 2 E-Project)**
- Developed a database-driven web application to manage child vaccination records, schedules, and hospital bookings using PHP, MySQL, and Laravel with role-based access.
3. **Academic & Practical Experience**
- Developed responsive front-end interfaces
- Integrated databases with backend logic
- Worked on multiple APTECH e-projects during academic training

TECHNICAL SKILLS

- Frontend Development: HTML, CSS, JavaScript, Bootstrap, Responsive Web Design
- Backend Development: PHP, Laravel Framework (CRUD Operations)
- Database & CMS: MySQL, SQL Server, WordPress (Basic), Database Connectivity
- Web Tools & Design: SEO Backlinks, Canva (Basic Design), Dynamic Website Development
- Programming & Others: C# (Basic), Time Management
- Soft Skills: Communication, Teamwork, Problem Solving
